- [11] The outlay effects of this provision will be estimated by the Congressional Budget Office ("CBO"). Aquatic Resources Trust Fund is to be restructured and the name changed under the Excise Tax Reform and Simplification Proposals, Item B.1. (Eliminate Aquatic Resources Trust Fund and transform Sport Fishing Restoration Account).
- [2] Tax credits would be provided for on-road and off-road uses of biodiesel.
- [3] This provision may also have indirect effects on Federal outlays for certain farm programs. Outlay effects will be estimated by the Congressional Budget Office.
- [4] These effects result from application of the budget law for constructing CBO's baseline in the case of expiring excise taxes dedicated to trust funds. Under present law, the taxes on motor fuels dedicated to the Highway Trust Fund ("HTF") expire in 2005, and are assumed to be permanently extended in CBO's baseline, as required by budget law. The lower excise tax rates on alcohol fuels, which reduce revenue to the HTF, expire in 2007 and are also assumed to be permanently extended in CBO's baseline. The proposal would replace the lower excise tax rates on alcohol fuels with an excise tax credit that does not reduce revenue to the HTF and that expires in 2010. If this bill is enacted, CBO's subsequent baseline would not assume extension of the excise tax credit beyond its expiration because the requirement to assume extension only applies to excise taxes dedicated to trust funds. For purposes of this cost estimate, therefore, CBO assumes that the credit would expire as scheduled. This treatment generates changes in revenues and outlays beyond 2010.
- [5] Estimate provided by the Congressional Budget Office. Negative numbers indicate an increase in outlays.
- [6] The outlay payments for ethanol expire after December 31, 2010, and the outlay payments for biodiesel expire after December 31, 2006.
- [7] Estimate provided by the Congressional Budget Office.
- [8] Effective for aviation fuel removed, entered into the United States, or sold after September 30, 2004.
- [9] Generally effective 180 days after the date on which the Secretary issues the regulations, which are required on or before June 30, 2004.
