Joint Committee on Taxation

NOTE: Details may not add to totals due to rounding.

Legend for "Effective" column:

aofaa = actions, or failures to act, after

bia = bonds issued after

boaa = before, on, and after

DOE = date of enactment

fuoata = fuel use or air transportation after

qpboaa = quarterly periods beginning on and after

sa = sales after

suora = sale, use or removal after

ta = transportation after

tssohofsoa = transfer, sale, or holding out for sale

occurring after

tyba = taxable years beginning after

[1] The conference agreement allows the present-law expiration of the general fund retention of the 4.8 cents per gallon of taxes on gasoline and special motor fuels used in motorboats and in the non-business use of small-engine outdoor power equipment. Because the Congressional Budget Office ("CBO") baseline assumes the general fund retention of the 4.8 cents per gallon tax will not expire, the conference agreement provision is scored by CBO as a reduction in receipts to the general fund and an increase in receipts to the Sport Fish Restoration and Boating Trust Fund. The increases in receipts to the Sport Fish Restoration and Boating Trust Fund trigger an increase in outlays, which are estimated by CBO to be \$1,061 million for fiscal years 2005 through 2015.

[2] The credit generally expires September 30, 2009. However, for liquefied hydrogen, the credit expires after September 30, 2014.

[3] Estimate provided by the Congressional Budget Office.

[4] Estimate does not include a decrease in outlays of \$32 million for the fiscal years 2005 through 2015.

[5] Effective for articles sold by the manufacturer, producer, or importer after September 30, 2005.

[6] Effective with respect to transportation beginning after September 30, 2005, but shall not apply to any amount paid before that date for such transportation.

[7] Loss of less than \$500,000.

[8] Estimate does not include a decrease in outlays of \$9 million for the fiscal years 2005 through 2015.

[9] Effective on and after the date a State becomes the owner of all outstanding shares of a qualified corporation, provided that the State becomes owner of all of the voting stock of the corporation on or before December 31, 2003, and becomes the owner of all of the outstanding stock of the corporation on or before December 31, 2006.

[10] Gain of less than \$500,000.

[11] Effective as if included in the section of the bill to which the technical correction applies.

[12] Effective for fuels or liquids removed, entered into the United States, or sold after September 30, 2005.
