## INTRODUCTION

This pamphlet, prepared by the staff of the Joint Committee on Taxation, provides a listing of present Federal excise taxes and tax rates as of January 1, 1984. This pamphlet is intended to provide summary information on current Federal excise taxes for Members of the House Committee on Ways and Means, the Senate Committee on Finance, and other Members of Congress.<sup>1</sup>

The listing is organized into 14 categories, including a category of miscellaneous excises. The headings in the table indicate whether the particular excise taxes go into a Trust Fund (or other special fund). Also, the sections of the Code are noted. An Appendix has two tables showing excise tax rates on certain chemicals and the excise tax on gas guzzling automobiles.

A 1982 staff pamphlet provided detailed background information regarding Federal excise taxes, including a historical survey of major Federal excise tax changes, a detailed description of the then existing excise taxes and the applicable trust funds, and a legislative history of the specific taxes.<sup>2</sup>
